DETAILED ACTION

Note: During a final search and review of this case a new reference was discovered that was used to reject previously allowed claims 12-13. The examiner apologizes for any inconveniences incurred by the applicant or the attorney because of this new rejection. If the attorney desires the examiner will grant a second personal interview in order to attempt to expedite the prosecution of this case.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 12-13 are rejected under 35 U.S.C. 102(b) as being anticipated by Ward.

As for claim 12, Ward discloses in figures 1-2 a dressing system that anticipates a non-invasive device comprising a fixture 2, a first adhesive 3 that is capable of sticking the fixture together to form two folded parts and a film 4 having coordinates (reference marks).

As for claim 13, Ward discloses in figures 1-2 a dressing system that anticipates a non-invasive device comprising a fixture 2, a first adhesive 3 capable of sticking the fixture together to form two folded parts and a gauge (the reference marks provide a gauge).

Allowable Subject Matter

Claims 18-31 are allowed.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. No additional prior art was cited during the first office action.
